Novedades

Te presentamos nuestro catálogo NOVEDADES CERSAIE 2011, que recoge el esfuerzo realizado durante los últimos meses en AZTECA con el objetivo de trasladar al mercado nuestros nuevos proyectos.

La nueva gama de producto supone el apartado más extenso, donde destacamos la incorporación del nuevo formato 30x90 de revestimiento, así como nuevas series que complementan nuestros pavimentos y revestimientos en distintos formatos: PULPIS, JASPER, EMPIRE, SAHARA...

Queremos hacer especial mención al lanzamiento de nuestra nueva campaña GREEN LIVING by AZTECA, desde la que hacemos presente nuestra inquietud y compromiso con la sociedad y el medio ambiente.

GREEN LIVING by AZTECA nace para dar importancia y difusión a las constantes iniciativas que se ponen en marcha en nuestra empresa, relacionadas con la sostenibilidad y la mejora continua de nuestro comportamiento ambiental. En el último apartado de este catálogo, así como en www.greenlivingbyazteca.com, dispones de una completa información donde se desarrolla esta nueva campaña.

Esperamos que las propuestas presentadas sean de tu agrado e interés. Seguimos pensando soluciones para ti.

AZTECA, THE THINKING SOLUTIONS COMPANY.

Presenting our NEWS CERSAIE 2011 catalogue, which is testament to the huge effort AZTECA has made in recent months to get our new projects out onto the market.

The largest section is dedicated to our new range of products, where we highlight the addition of a new 30x90 format wall covering, along with new series which all complement our floor and wall coverings in various formats: PULPIS, JASPER, EMPIRE, SAHARA...

We would like to make a special mention of the launch of our new campaign GREEN LIVING by AZTECA, through which we give expression to our interest in and commitment to our community and the environment.

GREEN LIVING by AZTECA arose from the need to promote and disseminate information about the initiatives that our company is continually implementing, all of which are related to sustainability and the ongoing improvement of our environmental activity. In the final section of this catalogue, and also on the website www.greenlivingbyazteca.com, you will find all the information regarding the development of this new campaign.

We hope that the proposals we put forward here will please and interest you. As always, we are thinking of solutions for you.

AZTECA, THE THINKING SOLUTIONS COMPANY.
