

La atención y la experiencia adquirida con el tiempo nos ha llevado a ser más sensibles a la cultura de países donde conviven diferentes formas de expresión artística. De ahí la creación de este catálogo.

Mir Pamesa, un concepto que tiene la intención de satisfacer los gustos más refinados, con elementos más atrevidos a la vez que conservadores, donde prima tanto la belleza como el diseño, y en el que el estilo y el glamour son la base por excelencia.

The attention and the experience acquired with time has led us to being more sensitive to the culture of countries where there is a co-existence of different forms of artistic expression. From there, the creation of this catalogue.

Mir Pamesa, a concept that has the intention of satisfying the most refined tastes, with more bold elements simultaneously that conservative, where it gives priority to both the beauty and the design and in which the style and the glamour are the excellent base

Разностороннее общение и опыт, накопленные в течение длительного времени позволил нам относиться более трепетно к культуре многонациональных стран где сосуществуют различные формы художественного выражения.

Таким образом, новый каталог «Мир Pamesa» был создан с целью угодить самым изысканным, смелым и в то же время консервативным вкусам, где царят красота и дизайн, где стиль и гламур являются основой для совершенства.
