Внимание

Бордюры с металлическим покрытием

Принимая во внимание характеристики металлов, используемых для изготовления этих декоративных элементов, производитель советует после укладки бордюров удалить с их поверхности все остатки клеящего вещества (цемент и т.д.) с помощью мягкой губки, смоченной в воде, избегая при этом употребления абразивных моющих средств.

При последующем уходе за бордюрами с драгоценными металлами не использовать порошкообразные моющие средства, кислотные вещества, а также твердые губки, способные исцарапать поверхность плитки. В качестве моющего средства рекомендуется использовать лишь нейтральное жидкое мыло.

Не принимаются к рассмотрению рекламации, связанные с неправильным уходом, из-за несоблюдения фабричных инструкций.
